Re: Permit M-2004-025, M-1992-100, M-1982-154

Dear Travis:

This letter is to inform the division that asphalt and concrete may be hauled onto the permit areas to be recycled. This material will be non toxic, clean and inert in compliance with Rule 1.1(20). This material will not be used for backfill on site, rather it will be reprocessed and used off site. This activity will occur from this day forward until the cessation of mining.

Sincerely,

Patricia M. Farnsworth
