Timm,

Yes, there are at least 4 comment letters that will need to be considered. I was getting them together Friday afternoon & Monday morning before I headed to Albuquerque. I got side-tracked Monday with a minor crisis and was unable to verify I had all the letters that need to be forwarded. They are on my work computer and I will forward them all to you this Friday via email when I get back in the office.

I apologize for the delay.

Tim,

I am just following up after our conversation last week; other than the letter from BLM, which we are looking into, was there any other comments from the "Public Comment " that you could provide so we can starting working on addressing?

Also, I know Penny is getting the "Public Notice" cut out of the newspapers and making copies so I can forward them to you.

Regards,

Timm
