Re: Notice of 112 Construction Material Reclamation Permit Application Consideration Garnet Mesa Investments, LLC, Warren Gravel Pit, File No. M-2012-024 (CHS #62104)

Dear Mr. Marshall:

Thank you for your correspondence dated May 18, 2012 (received by our office on May 23, 2012) regarding the subject project.

A search of the Colorado Cultural Resource Inventory database indicated that no cultural resource inventories have taken place in the vicinity of the proposed permit area and no historic properties have been recorded therein. However, our files contain incomplete information for this area, as most of Colorado has not yet been inventoried for cultural resources. As a result, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area.

Should human remains be discovered during mining activities, the requirements under State law CRS 24-80 part 13 apply and must be followed.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Mark Tobias, Section 106 Compliance Manager, at (303) 866-4674 or [mark.tobias@state.co.us](mailto:mark.tobias@state.co.us).

Sincerely,
