**Re: Permit No. M-1992-058, Revision No. CN-01
Mica White, Conversion Conditional Approval – Warranty Approved**

Dear Mr. Tezak:

On July 24, 2012 the Division of Reclamation, Mining and Safety received a letter of credit for the revised estimated liability amount of \$184,720.00 and approved the revision, with conditions.

The conditions of the Division approval are noted below as Stipulation No. 1. Please note that all other provisions of Permit No. M-1992-058 remain in full force and effect.

Stipulation No.

1

Description

The Operator shall not affect any area inside the additional area approved in CN-01 where BLM right-to-enter has not been obtained, until the Operator obtains from the BLM the legal right-to-enter that additional area; and the Operator submits to the Division documentation of that right-to-enter for insertion in Exhibit N of the reclamation permit.

Please note the revised estimated liability amount of \$184,720.00 includes the cost of reclamation efforts for the additional 23.7 acres proposed to be affected at the Mine Site in the conversion application.

If you have any questions, please contact me.

Sincerely,
