RE: Revenue Mine M-2012-032 Application Correction

Mr. Oswald

GLA personnel noticed a set of errors in the DMO application submitted to the Division for the Revenue Mine. Figures T-1 and T-2 do not accurately represent the values listed in Table T-1. The table values have been confirmed, and GLA wishes to correct this error to avoid confusion during the Division's review of the application. Therefore, GLA is providing the Division with a set of five corrected figures for insertion into the appropriate copies. A corrected set of Figures will also be placed in the public file at Ouray County.

Sincerely,

Ben Langenfeld, Project Engineer
Greg Lewicki and Associates
