hi michael, i want you to know that the water from my domestic well south of the aggregate mine is now coming out of the ground contaminated. what is going to be done about this? can you come to fairplay and see the water from my well personally? are there other agencies that i need to call for help? this is not acceptable. my property is now damaged as a result of these actions. please help me

sincerely

todd sullivan

Todd,

The Division conducted an inspection of Gloria Z Mine on July 27, 2012. Attached is a copy of the inspection report with the Division's findings. Please call me if you have any questions about the report.

Thanks,

Michael Cunningham
