Re: Carnation Mine, Permit M-1977-416, Revision TC-2, Change of Permit Status, Approved.

Dear Ms. Woodward,

On September 5, 2012, this office received your request to remove the above-named permitted mine from Temporary Cessation status, and place it back into Active status. Information was provided in your request letter as to commencing activity on the Sunday mine complex (of which this mine is a part) related to the installation of groundwater monitoring wells, as approved in your Environmental Protection Plan.

We have approved this request, effective on the date of this letter, and have updated our records accordingly.

If you have any questions, I may be reached at the Division's Durango Field Office: 691 CR 233, Room A-2, Durango, CO 81301; telephone 970-247-5193.

Sincerely,

Bob Oswald
Environmental Protection Specialist
