Dear Mr. Bob Oswald,

I would like to request for the release of my bond for project NOI-P-2008-044.

SL-1

The name of the operator is Mark A. Cape.

The file number is NOI-P-2008-044.

My contact information is Mark A .Cape 5313 Delano Court Cape Coral, Florida 33904
239-314-8444

I believe that all reclamation has been completed on drill pad as well as control of the Canadian Thistle weed. The drill pad was contoured back to origin. The drill site was also seeded per USFS specifications. The opening of the adit entry was closed per agreement of the USFS and BLM.. I also built a additional berm for secondary measures. Thank you for all your help with my project.
