Re: Black Range Minerals Hansen Uranium Project (NOI P-2009-025 MD-02)
Withdrawal of Appeals of Office Approval Decision

Dear Tim and Sandy:

Thank you for the opportunity to discuss in depth our issues and concerns about the application for modification of the Black Range Minerals NOI and the Division's approval of it at the pre-hearing conference yesterday.

As a result of our gaining a more complete understanding of the Prospector's present intentions and the Division's policies and procedures, I, on behalf of the Board of Directors of Tallahassee Area Community, and Kay Hawlee, as an individual, hereby withdraw our appeals to MLRB of the Office Decision approving NOI P-2009-025 MD-02.

Sincerely,

Lee J. Alter, Chairman,
TAC Government Affairs Committee

Kay Hawlee, as an individual
