RE: Permission for Stockpile Material
Pueblo East Pit
Formally known as Evans #2 Pit M-2000-041

Dear Mr. Cazier,

This letter is written at the request of Fremont Paving & Redi Mix, Inc., operator of the above mentioned pit, to formally grant permission to leave a stockpile of dirt to the northeast of the existing pit. The stock piled material may be used around the site for fill as needed. It also may be used for a wet lands project that we are currently working on with Colorado Parks and Wildlife. Additionally there may be some unknown quantities used to line and reclaim the existing 450 acre pit known as the Pueblo East pit.

Fremont Paving & Redi Mix shall retain the right to access the property for the removal of said material. If you should have any further questions or require further information please contact Mark Morley at 719-499-4390 or Joy Focht at 719-650-6002. Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joy Focht".
