RE: Sooner Lucky Strike Mine, File No. M-1982-020, Technical Revision (TRI) Request, Second Adequacy Review

Dear Dustin,

Please find attached our final plotted permitted boundaries for the Lucky Strike Mine and Mill. After several attempts with the local survey crew and our civil engineer, we were able to dial in the accurate permit lines. As stated in your letter dated Sept. 6, 2012, I have included all information you requested to be on the map. If I had overlooked some detail, please advise.

Thank you for your time and patience in working with us on our permit boundaries. Old hand drawn maps are a challenge.

Respectfully Submitted,
