**Re: Stonewall Springs Quarry Gravel Pit, File No. M-2012-045,
Board Order Transmittal**

Dear Mr. Morley and Mr. Gagliano:

On December 24, 2012 the Division of Reclamation, Mining and Safety (Division) mailed its Preliminary Adequacy Review (PAR) for the Stonewall Springs Quarry Gravel Pit (Stonewall Springs) application. Comment #18 referenced a Mined Land Reclamation Board (MLRB) Order addressing approximately 10.5 acres of stockpiled growth media along the south edge of and within the proposed Stonewall Springs permit boundary. This material is from the Evans #2 pit (M-2000-041) but requested by the MLRB to be placed in a mine reclamation permit. The enclosed Board Order was not available at the time the PAR was mailed. This letter transmits a copy of the Board Order for your information.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Timothy A. Cazier".

Timothy A. Cazier, P.E.
