Rimrock is requesting an assurity reduction for the P.A. mine permit #M-2011-040 to actual reclamation costs at this time.

The BLM is currently working on the NEPA document and final approval is still some time out.

Rimrock appreciates your time and understanding on this matter.

Rimrock understands that the full bond amount must be in place before we can start the project and will repost bond before operations begin.

Thank you,
