Fremont Paving & Redi-Mix Inc.  
Technical Revision 03: Response #2 to Adequacy

Dear Mr. Cazier,

Please accept the following and enclosed in response to the Division's January 30, 2013 Preliminary Adequacy Review.

Items A and C are addressed by submission of the Mine Plan map. Phase III is designated and the map is signed.

The operator consents to the three (3) conditions in Item F which pertains to Item B, concerning increasing affected area to 158 acres.

The operator understands the request to increase affected area requires increasing the Financial Warranty and the Division has proposed a new bond in the amount \$568,483 as described in Item D.

Please contact me directly with any questions.

Respectfully submitted,

Angela M. Bellantoni
