Technical Revision Approval, Revision No. TR-03**

Dear Mr. Ary:

On January 31, 2013 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on December 11, 2012, addressing the following:

Mine plan change, increase maximum area disturbed at one time to 158 acres

The terms of the Technical Revision No. 3 approved by the Division are hereby incorporated into Permit No. M-2000-041. All other conditions and requirements of Permit No. M-2000-041 remain in full force and effect.

The estimated liability amount of \$568,483.00 exceeds the \$226,196.00 performance bond currently held. If you have not already done so, please submit additional bond in the amount of \$342,287.00. The revision will not be final until the bond is approved by the Division.

If you have any questions, please contact me.

Sincerely,
