Re: Taylor Pit, File No. M-2013-006, Receipt of 110 Construction Materials Reclamation Permit Application

Rusty Taylor:

On February 1, 2013, the Division of Reclamation, Mining and Safety received your 110 Construction Materials Reclamation Permit application for the Taylor Pit, which is located in Moffat County. All comment and review periods began on February 1, 2013. The decision date for your application is scheduled for March 7, 2013.

Newspaper publication of a notice regarding the filing of your application and transmittal of a copy of the notice to all owners of record of surface and mineral rights, holders of any recorded easements, and all owners of record of lands that are within 200 feet of the boundary of the affected land is required within 10 days after submittal. You must submit proof of the notice and mailings, such as Certified Mail - Return Receipt Requested, to the Division of Reclamation, Mining and Safety prior to the decision date. Additionally, any changes or additions to the application on file in our office must also be reflected in the public review copy which has been placed with the Moffat County Clerk and Recorder.

The Division is reviewing your application to determine whether it is adequate to meet the requirements of the Act. We will contact you if additional information is needed.

Please be reminded that all operators must contact the Colorado Department of Health, Water Quality Control Division regarding storm water permits.

If you have any questions, please contact me.

Sincerely,

Stephanie J. Reigh
Environmental Protection Specialist
