

APPLYING FOR INTERMITTENT STATUS

To whom it may concern:

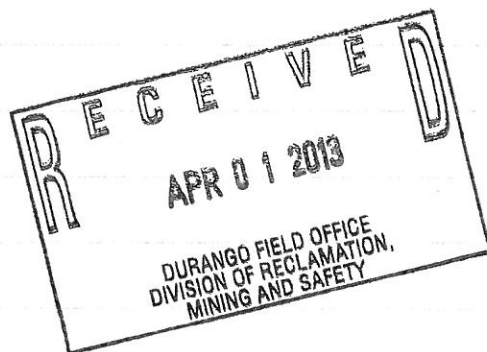

3/12/13

I, Robert Magherty, applying for Intermittent Status on ARMS file MAD004098,
Cedar Point Picture Rock Quarry.

I operate the Quarry from March -
1 Nov. each year. Due to conditions set forth
by the BLM: Deer & Elk winter Habitat,
Road access is limited to dry weather -
no ruts deeper than 1".

I have a \$1,331 Bond in place to cover
reclamation. All topsoil & removed trees
are stockpiled at appointed areas.

Work for 2013 will resume when weather
conditions improve & the county road
needs to dry out considerably.
Drill & splitting will continue to the south &
west. Split blocks will be stockpiled for
future sale.

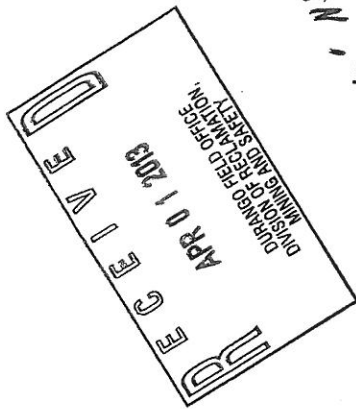

a map is enclosed showing current
and future work.

Any questions contact me Robert
Daugherty at 1-970-434-8773.

Thanks again
