Re: Notice of 112 Construction Materials Reclamation Permit Application Consideration Delta County, Cook
Pit, File No. M-2013-013 (IIC #63730)

✓Dear Mr. Czaplak:

Thank you for your correspondence dated March 14, 2013 (received by our office on March 18, 2013) regarding the subject project.

A search of the Colorado Cultural Resource Inventory database indicated that three cultural resource inventories (DT.SC.NR58, MC.R.NR10, and MC.R.R36) have been conducted in the vicinity of the proposed permit area, and no historic properties have been recorded therein. Our files contain incomplete information for this area, as most of Colorado has not yet been inventoried for cultural resources. As a result, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area.

Should human remains be discovered during mining activities, the requirements under State law CRS 24-80 part 13 apply and must be followed.

✓Thank you for the opportunity to comment. If we may be of further assistance, please contact Dan Corson, Intergovernmental Services Director, at (303) 866-2673 or dan.corson@state.co.us.
