Mr. Travis Marshall
Environmental Protection Specialist
Colorado Division of Reclamation, Mining and Safety
Grand Junction Field Office
101 Third Street, Suite 310
Grand Junction, CO 81501

Dear Travis:

At this time, at the request of the Division of Reclamation, Mining and Safety, American Soda is respectfully requesting a withdrawal of our letter from October 5, 2011 regarding Partial Reclamation and Financial Warranty Release (Permit No. M-1999-002) on the land transferred to EnCana Oil and Gas (USA), Inc. and Enterprise Production Partners in 2008.

American Soda will resubmit the request for Partial Reclamation and Financial Warranty Release in the near future. The request will be submitted once the estimate of the actual cost to reclaim the site is calculated as per Regulation 4.14.1(2)(b) . . . "based upon what it would cost an independent contractor to complete reclamation." The new estimate will represent the reclamation costs with the transferred acreage removed.

Should you have any questions or comments regarding this information please contact me at (970) 285-0428 or Celina Akin at (970) 285-0406.

Sincerely,

A handwritten signature in blue ink that reads 'David Valvoda'.
