RE: SR-13A Mine, Permit No. M-1977-311, Acreage Release Request (AR1)

Dear Mr. Cotter:

On May 9, 2013 the Division of Reclamation, Mining and Safety (Division) received a request from Cotter Corporation for release of reclamation responsibility (AR1) for parts of the SR13-A Mine affected area. On May 15, 2013, I inspected the site, along with you, Glen Williams and James Blair, and found that the 2.96 acres requested for release was releasable. Please inform the Division of whether or not the DOE concurs with the Division's intent to approve AR1.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,
