Hello Tyler,

On behalf of Riverside Aggregates, LLC, I would like to request an extension of time for final approval of the request for mining permits pertaining to the Sharp Pit #2, File # M-2013-023.

I am requesting that the new deadline for permit approval be set for June 7, 2013.

Thank you in advance for your consideration of this matter and I look forward to hearing from you.

Best,

Hans Friederichs,
