**Re: Centennial Uranium Project, Notice of Intent (NOI), P-2010-011, Surety Release
Request SL-01, Fee and Report Due**

Dear Mr. Bonner,

On June 13, 2013 the Division of Reclamation, Mining, and Safety (Division) received Powertech's submittal of surety release request, SL-01, for the above referenced NOI project. The release request meets the requirements of Rule 4.16. However, the Division cannot process the request unless the Annual Fee and Report are current. The fees and report are for the past year and not for the forthcoming one therefore they must be submitted prior to any decision to release the site.

The Division will consider the request complete with the payment of the annual fee and report (copy enclosed). Staff has tentatively set a release inspection for July 15, 2013. We will be contacting you with the details when we get closer to that date.

If you need additional information please contact me at the Division of Reclamation, Mining and Safety, Grand Junction Field Office, 101 S. 3rd St., Suite 301, Grand Junction, Colorado 81501, by telephone at 970.241.1117, or by e-mail at russ.means@state.co.us.

Sincerely,
