RE: SR-13A Mine, Permit No. M-1977-311, Acreage Reduction Approval (AR-1)

Dear Mr. Williams:

On June 26, 2013, the Colorado Division of Reclamation, Mining and Safety approved your request for release of a portion of the permit area from further reclamation responsibility.

The permit area was reduced to 6.78 acres, through the release of 2.96 acres in this permit action. Because the permit is not totally released, you are still liable for filing annual reports and fees.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,

Dustin Crapla
