Re: 23 Road Pit, Permit M-1979-089 Notice of Receipt, Technical Revision TR-5

Mr. Lyman,

On June 25, 2013, the Division of Reclamation, Mining and Safety received your Technical Revision application **TR-5** and the required fee for the 23 Road Pit, Permit **M-1979-089**, which is located in Mesa County. As of today July 1, 2013 the Technical Revision request is considered complete. The revision requested addresses the following items:

- Incorporate the existing office building and concrete precast manufacturing facility into the reclamation plan.
- Incorporate a material storage and sales yard located in the northwest portion of the permitted site into the reclamation plan.
- Incorporate the exiting concrete bike path located on the Bureau of Reclamation property in to the reclamation plan.
- Update the property ownership of parcels and a revised Reclamation Plan map (Exhibit F).

The Division is reviewing your revision submittal for adequacy. The decision due date is scheduled for July 31, 2013. We will contact you if additional information is needed.

Sincerely,

Travis Marshall
Environmental Protection Specialist
