Re: Nouce of 112 Construction Materials Reclamation Permit Amendment Application Consideration
Connell Resources, Inc., Camilletti Pit, Permit No. M-1987-164 (SHPO Project #64214)

Dear Mr. Czapla:

Thank you for your correspondence dated June 26, 2013 (received by our office on June 28, 2013) regarding the subject project.

A search of the Colorado Cultural Resource Inventory database indicated that there are no previously recorded sites within the project area.

One previous survey, (RT.CH.R3) did cover a portion of the permit area.

Our files contain incomplete information for this area, as most of Colorado has not been inventoried for cultural resources. As a result, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area.

Should human remains be discovered during mining activities, the requirements under State law C.R.S. 24-80 (part 13) apply and must be followed.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Todd McMahon, Staff Archaeologist at (303) 866-4607/ todd.mcmahon@state.co.us or Dan Corson, Intergovernmental Services Director at (303) 866-2673/ dan.corson@state.co.us.

Sincerely,

Edward C. Nichols
