Re: 23 Road Pit, Permit No. M-1979-089, Technical Revision Approval, Revision No. TR-5

Dear Mr. Lyman:

On July 15, 2013 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on June 25, 2013, addressing the following:

- *Incorporate the existing office building and concrete precast manufacturing facility into the reclamation plan.*
- *Incorporate a material storage and sales yard located in the northwest portion of the permitted site into the reclamation plan.*
- *Incorporate the exiting concrete bike path located on the Bureau of Reclamation property into the reclamation plan.*
- *Update the property ownership of parcels and a revised Reclamation Plan map (Exhibit F).*

The terms of the Technical Revision No. 5 approved by the Division are hereby incorporated into Permit No. M-1979-089. All other conditions and requirements of Permit No. M-1979-089 remain in full force and effect.

The currently held reclamation bond in the amount of \$242,500.00 is adequate at this time.

If you have any questions, please contact me at (970) 241-2042.

Sincerely,
