Dear Mr. Czapla:

On July 8, 2013, this office at the request of the Department of Energy's (DOE) contractor, Stoller Corp., conducted a joint compliance inspection with you and representatives of Stoller, in advance of a request for bond release by the DOE Uranium Lease Program, lease tract C-CM-24 (CDRMS permit # P-2009-014) project operator, Energy Fuels Resources (USA). Energy Fuels has in place a \$5,000.00 reclamation bond on this project associated separately from their Club Mesa BLM mining notice / Notice of Intent (NOI) project (BLM case file # COC - 71888, CDRMS permit number P-2007-050) which has been reclaimed and the bond released.

Based upon the inspection findings and discussions in the field, this office can issue a concurrence decision in association with your forthcoming findings presented in the SL-01 CDRMS decision. BLM agrees that the reclamation bond for the P-2009-014 NOI can be released.

Please call Robert Ernst at (970) 240-5305 if you have questions.

Sincerely,

Barbara Sharrow
Manager, Uncompahgre Field Office
