Re: Bowie No. 2 Mine (Permit No. C-1996-083)
Revision: TR-80
Subdrainage System for Coal Mine Waste Pile #3

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received a revision for the Bowie No. 2 Mine. The revision was deemed complete on July 31, 2013. The decision due date is September 29, 2013.

Bowie Resources, LLC is proposing to install an underdrain in the Gob Pile #3 area. The subdrainage system will intercept water seeping from the Fire Mountain Canal to ensure that the foundation of the coal mine waste pile does not become saturated.

This revision application is available for review at the Paonia Public Library, P.O. Box 969, 2 3rd Street, Paonia, CO 81428.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Susan L. Burgmaier".
