RE: Permit Revision No. 1, File No. C-81-010

Dear Mr. Humphries:

As Mike Long discussed with you on Monday, June 1, 1987, the Division has decided to incorporate two of your recently submitted revisions into Permit Revision No. 1. This action will simplify our review process and eliminate some of the required publication notices and Division approvals.

The revisions to be incorporated into Permit Revision No. 1 are your submitted MR-47 Deletion of certain proposed topsoil stripping areas, and TR-35 - New ash pit area in the Ashmore Pit. These revision request numbers will be listed in our records as having been withdrawn as of today's date, and will be incorporated into your Permit Revision No. 1 file.

You should make sure that these changes are made in your copies at the county courthouse and in the copies on file at the USOSM offices.

If you have any questions, please contact us.

Sincerely,

Gregg R. Squire
Reclamation Specialist
