**Re: Permit M 2013-026 , Extension for Review, 110(2) Permit**

Dear Mr. Czapla,

Lockland, LLC is requesting a further extension of the review period to Sept. 1, 2013, for Permit M 2013-026. The property owner ,BLM, has requested a detailed mining plan , along with other requested information and documentation. I am asking for an extension, the 45 days from my last request. I am trusting that this questioning party will be satisfied by this time, but I cannot be absolutely sure. Reply for their first inquiries will be in their hands today ,7/25/2013. Responses will now be in their court.

I will keep you informed on any updates or further correspondence .

Thankyou for your patience and efforts, feel free to contact me for any other info you might need , [leadlocks@netzero.net](mailto:leadlocks@netzero.net), or 719 486-7926, (mine) 719 486-0301.

Sincerely,
