Cc: "Sandra L. Brown" <Sandy.Brown@state.co.us>

Ross, David, and Doug

I am presently preparing the SL-14 Withdrawal letters, which also are sent to the surface owners within the permit area. I visited the Montrose County GIS website, to check whether the addresses currently shown in Section 2.03 of the permit are up-to-date.

It appears that a number of changes have been made since last update (MR-83 in April 2012).

Parcel Nos. 1 and 41 (Benson) - is now a living trust, with a street address

Parcel Nos. 12 (WFC) - is now the Nucla PO Box, and no longer a Westminster address. In addition, "New Horizon Mine" appears to have been added to the name/address.

Parcel Nos. 13 was formerly 4/7 LLC, with a Grand Junction address. It is now "TMR47 LLC" with a Price, UT address.

Parcel Nos. 43, formerly Frank and Mary Lou Morgan, is now "SLASH M LLC"

Please submit a minor revision to the permit to update the surface ownership information. (I did not check whether any of the adjoining landowners have changed.)

I would also like to request that the surface owners within the permit area be clustered at the beginning of the section, or otherwise identified clearly as such.

Thank you for your time,

Marcia
