Re: **HC Claims-Calamity Mesa, Notice of Intent (NOI) P-2008-049, Mesa County, Colorado**

Request of Release of Bond

Mr. Means:

Energy Fuels Resources Corporation (EFR) has completed the drilling and reclamation as permitted under Notice of Intent P-2008-049. EFR is requesting that the NOI be terminated and the bond released on this project. The bond amount allocated to this project (\$3,722) should be returned to the EFR State Wide Prospecting Bond, #K07346323.

Energy Fuels Resources Corporation (EFR) has not conducted any surface work in the area covered by NOI P-2008-049 in the past three years. Initial work under NOI P-2008-049, as permitted by the DRMS and BLM, began as drill site preparation in September 2008. Drilling of the six holes took place between October 13 and 28, 2008. Reclamation of the surface disturbances for this phase of drilling was completed by November 2008. Seed was spread during that time. All holes were plugged in accordance to applicable Rules.

A map and the UTM locations for the holes were attached to the 2008 Annual Report. No additional work has been done by EFR on sites covered by P-2008-049. Other holes drilled in the immediate area were done as a modification to NOI P-2007-038 and have also been previously reported.

If DRMS wishes to schedule a field inspection with EFR personnel, or have questions, please contact Dick White at 303-974-2152 or e-mail to dwhite@energyfuels.com. Thank you for your attention to this matter.
