**Re: Bowie No. 1 Mine (Permit No. C-1981-038)**  
**Revision: TR-55**  
**Revise Hydrologic Monitoring Program**

Dear Ms. Sauter:

The Division of Reclamation, Mining and Safety has received a revision for the Bowie No. 1 Mine. The revision was deemed complete on August 27, 2013. The decision due date is October 26, 2013.

Bowie Resources, LLC is requesting removal of the requirement to monitor water levels and quality at well B-4. The well was monitored from 1981 through 2012, until it was damaged by maintenance equipment, and was used to determine static water levels for the purpose of monitoring geotechnical stability.

This revision application is available for review at the Paonia Public Library, P.O. Box 969, 2 3rd Street, Paonia, CO 81428.

If you have any questions, please contact me.
