**Re: Permit M 2013-026, Extension for Review, 110(2) Permit**

Dear Mr. Czapla,

Lockland ,LLC is requesting further extension ,for the 3<sup>rd</sup> time to allow the property owner, BLM, further review and questioning. We have been in contact and consulting with the details they are questioning about the project and more. They have not been satisfied as of the end of this extension period.

I am asking for a continuation of another 45 days, which will put this on until October 15, 2013. I am also attempting to keep all correspondence in the view of all concerned in this permit. I trust this will be satisfactory.

I will keep you informed of any updates.

Thank you for your patience and work, please contact me if necessary:
