The hotel has offered to extend the rate of \$91.00 for Friday and Saturday to provide you the opportunity to relax and visit the sites. It is best to make these arrangements now and not wait until the 11<sup>th</sup>, accommodations may not be available. I will make the reservations.

I will make reservations for you, including Friday and Saturday, on a master list. You will not pay when you check out unless you stay over. **Let me know by July 19, 2017** if you plan to attend the meeting. Also, please let me know the number in your party and if you intend to remain over on Friday and Saturday.

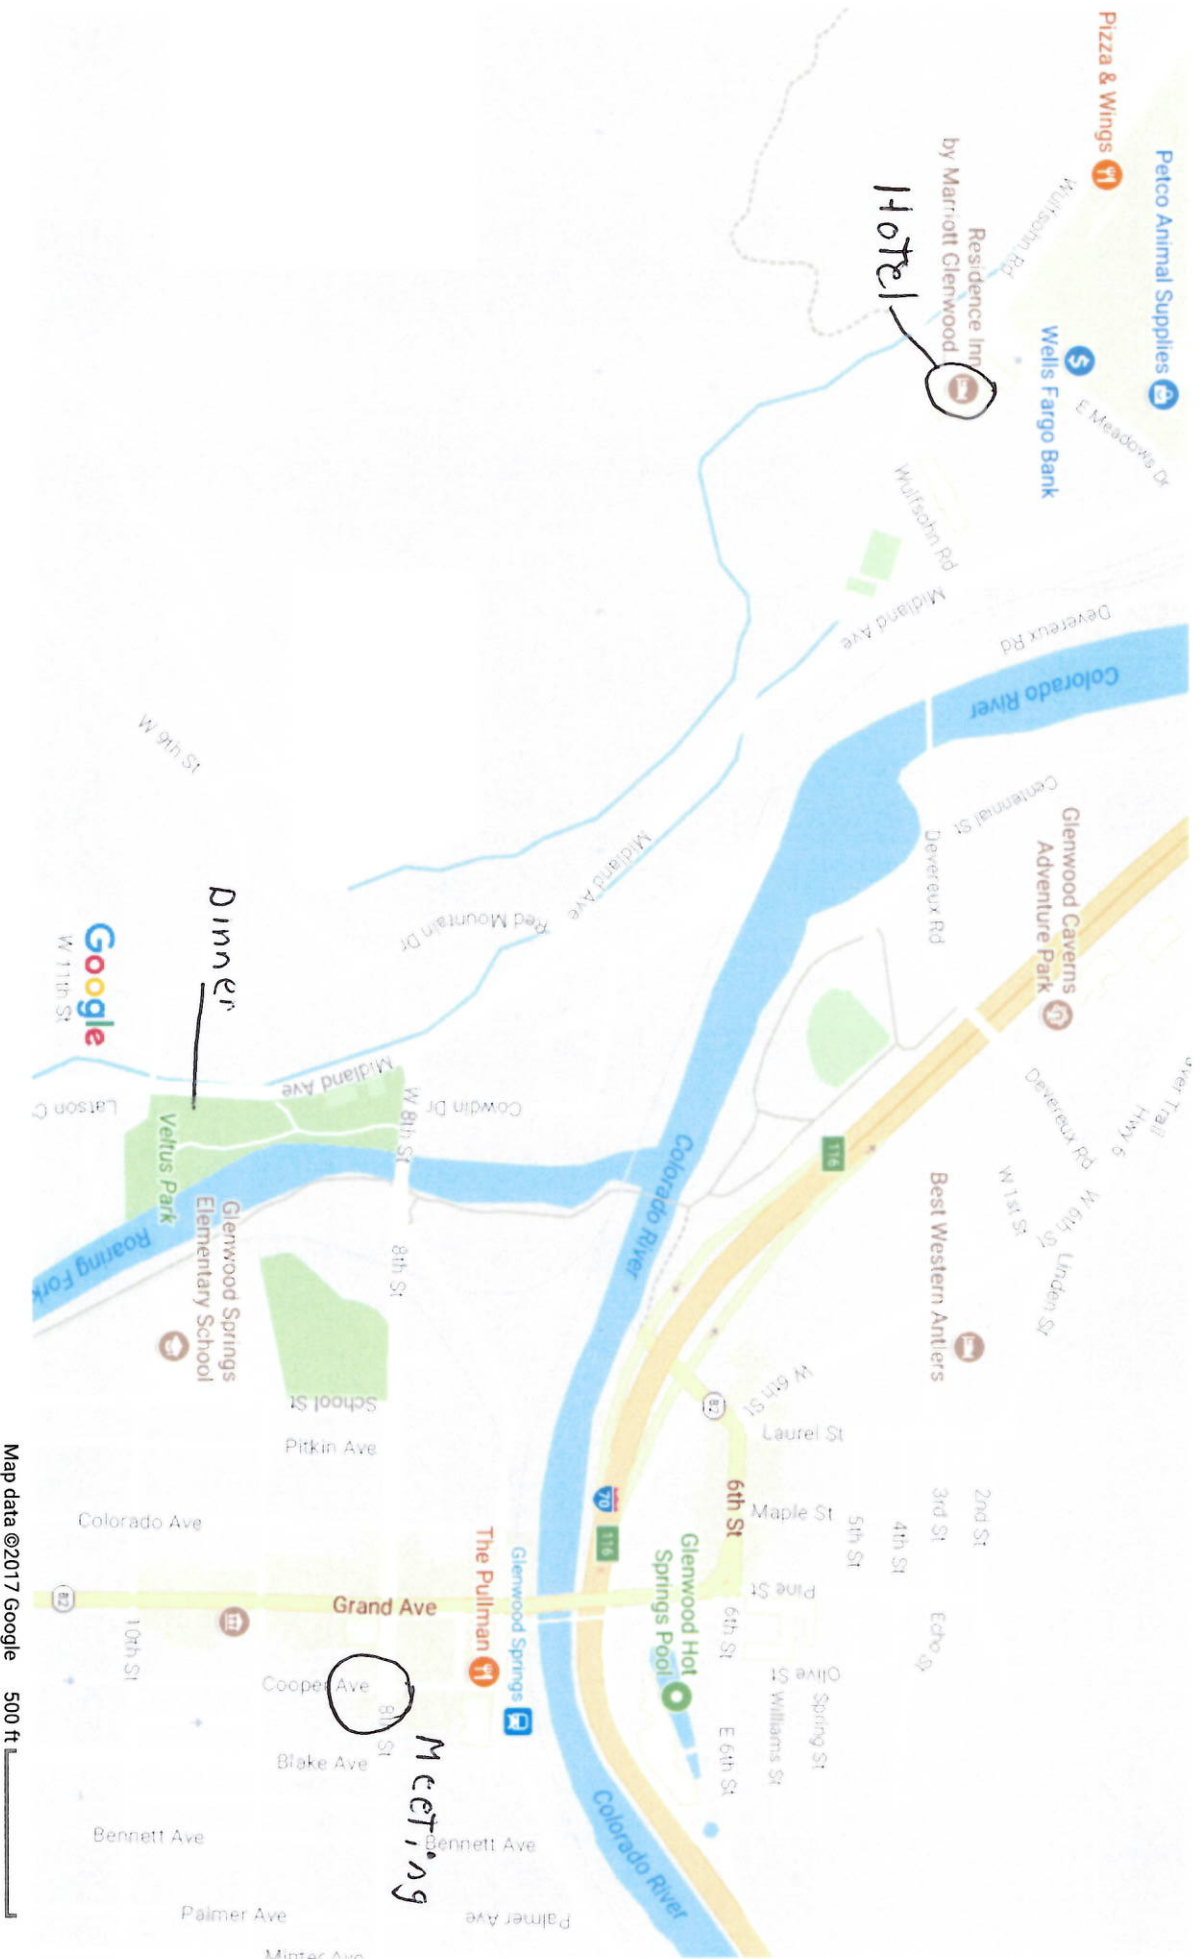

For those of you who may be Marriott Reward members, the hotel has asked that you provide your Marriott Reward members number at the time of reservation to ensure that you receive credit for the stay.

**The tour for August 10<sup>th</sup>** is not finalized. At this time it is anticipated that we will leave the hotel at 12:00, by personal car, and return near 5:00 p.m. It is expected that we will visit Ruedi Reservoir and the Crystal River fish hatchery near Carbondale. Ruedi Reservoir is part of the Fryinpan-Arkansas federal water and hydro-power project. The purpose of Ruedi Reservoir is to compensate people of Colorado's West Slope for water from the Fryingpan River that is diverted from the Drainage Basin further upstream, under the Continental Divide, to Colorado's East Slope. Besides raising endangered cold water brood fish, the hatchery is heavily involved with the stream management plan for the Crystal River. **Please let me know if you and your guest(s) plan on going on the tour by July 19, 2017.**

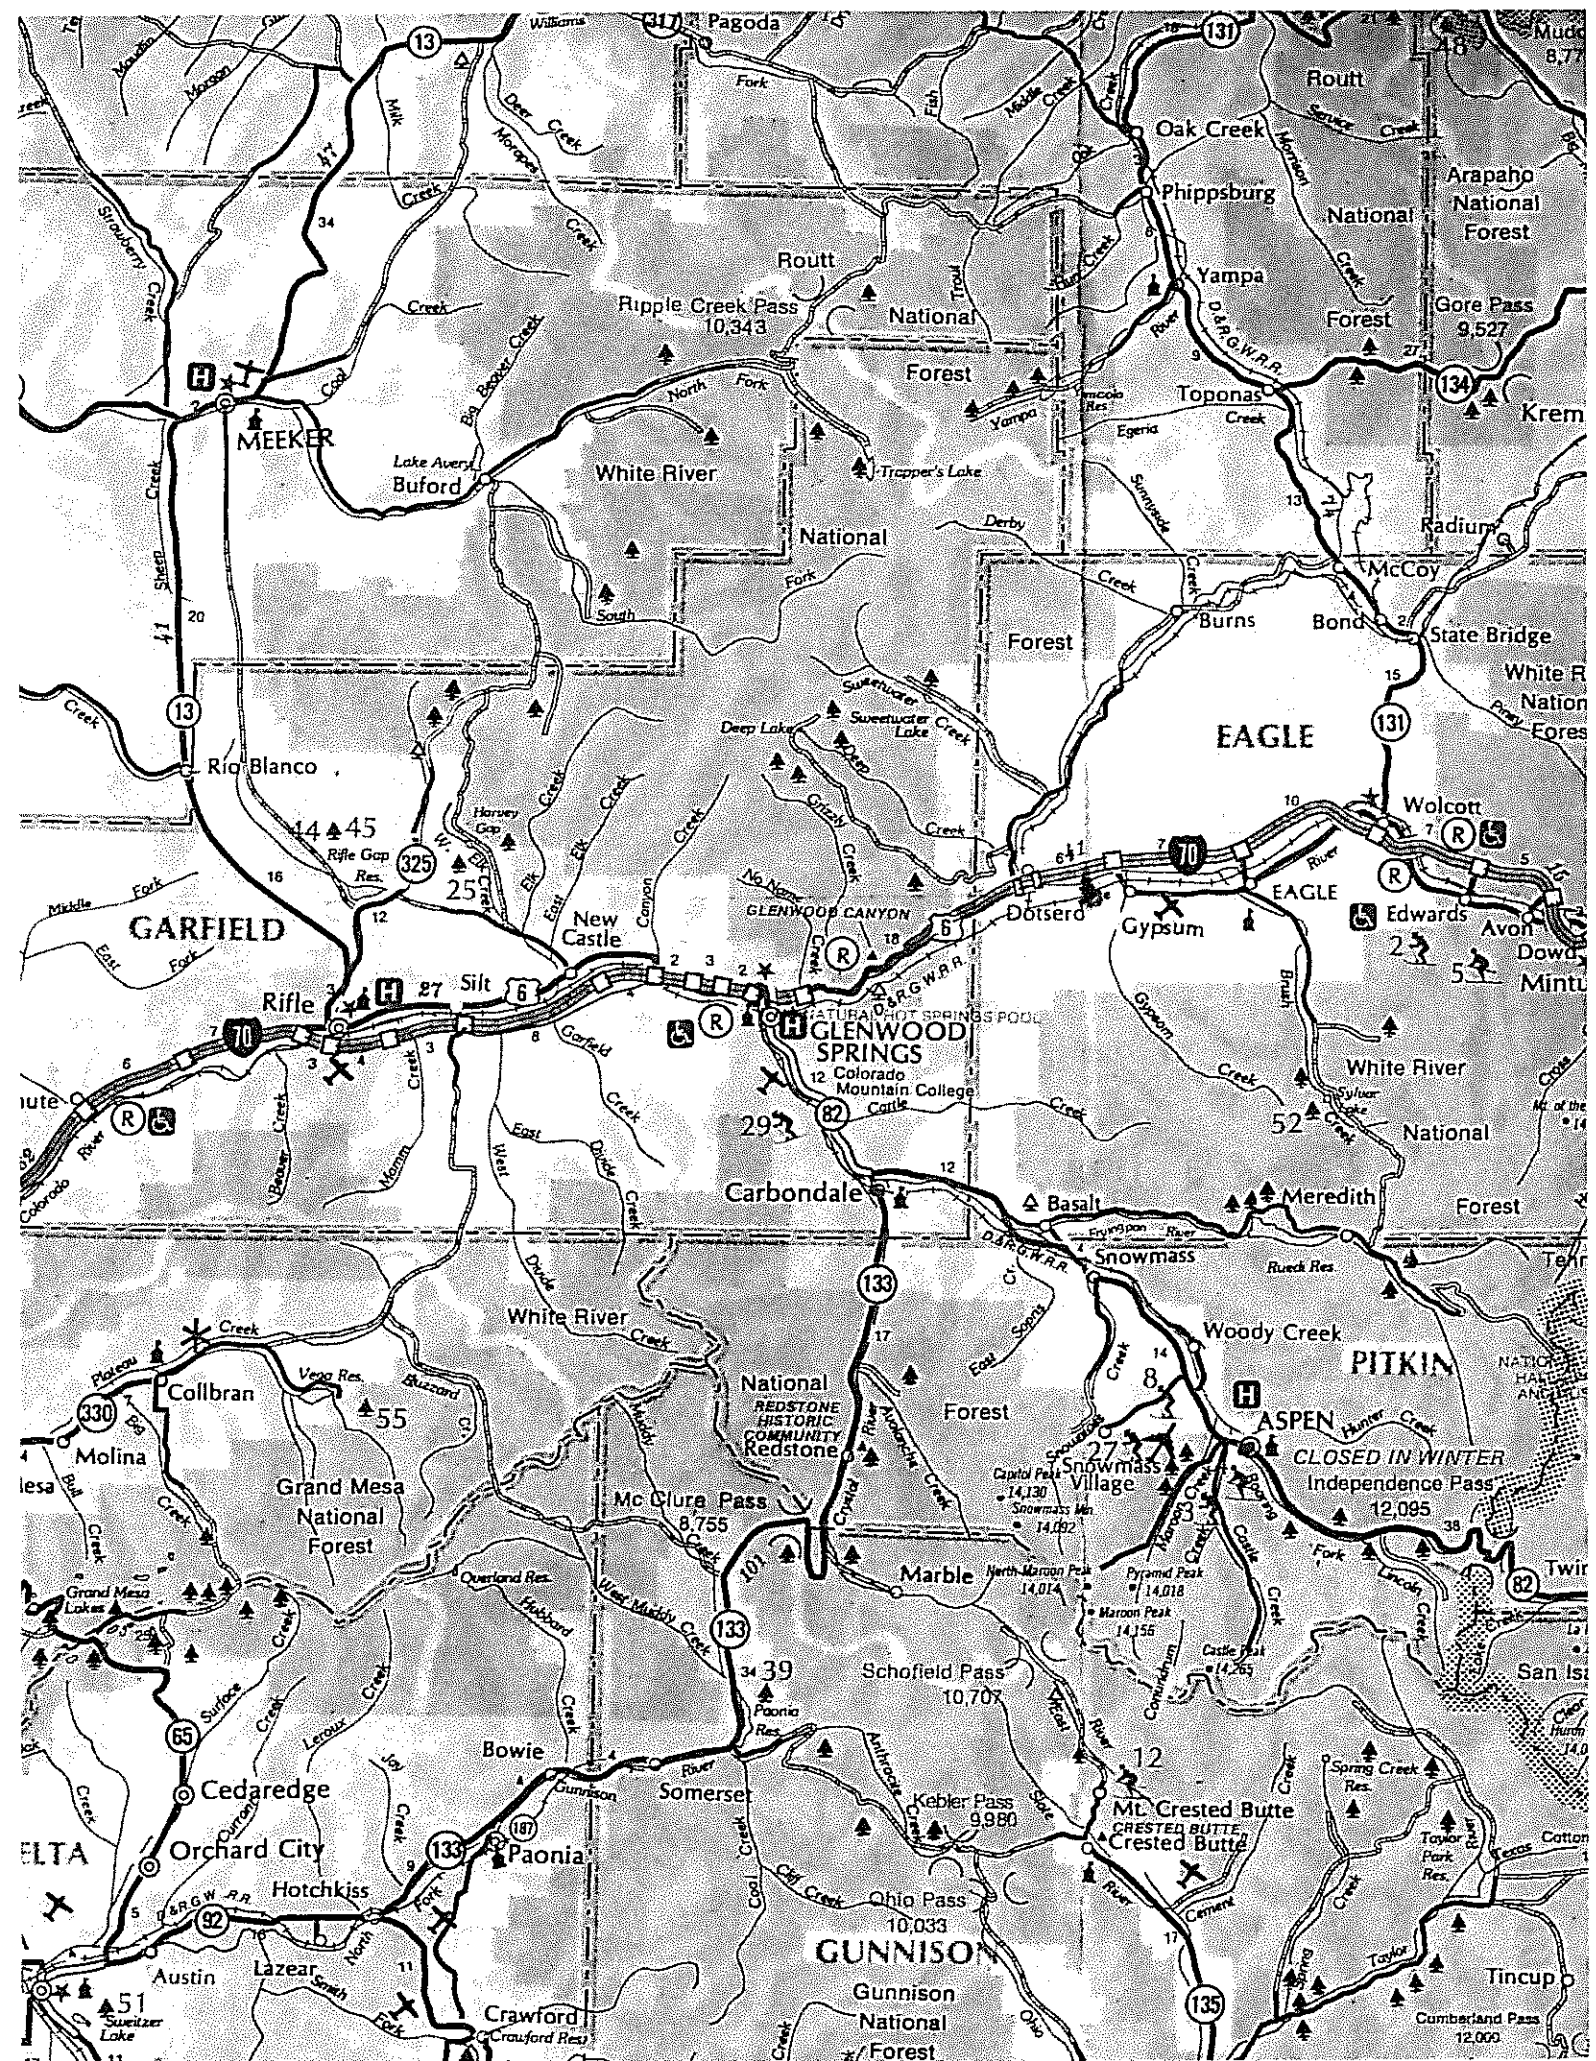

**Dinner on Thursday** will be at Veltus park, located about three-quarters (3/4) of a mile South East of the hotel off of Midland Avenue. The meal, subject to change, will be a barbeque with chicken, ribs and brisket sided by beans, slaw and Mac-n-cheese with banana pudding for dessert. Dinner will begin at 6:00.

**The meeting** of August 11<sup>th</sup> will be held in the library, located at 815 Cooper Avenue. To get to the library, you will take Midland Avenue SE to W8th St. (about one-half mile) and turn left.
