

New Appropriation Processing Timeline

Recommendation Development

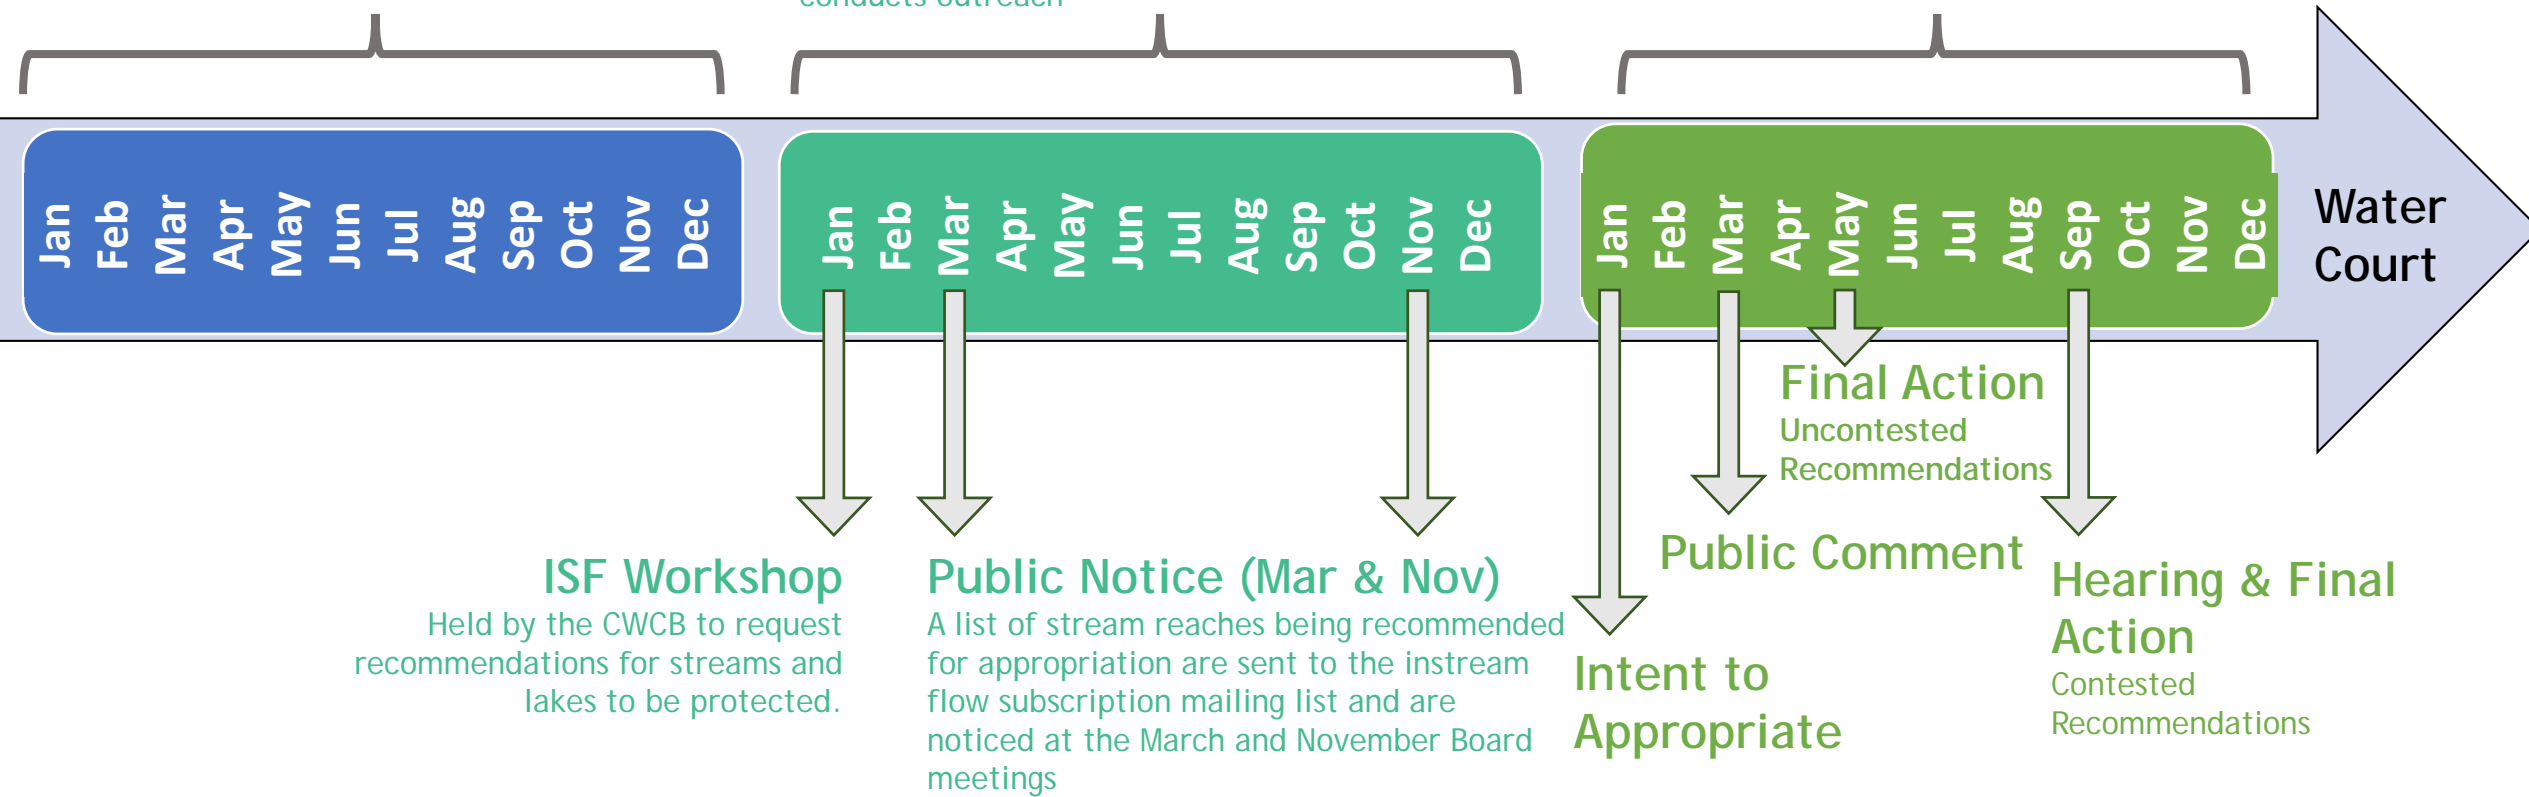

Recommending entities collect data necessary to document the natural environment and determine ISF flow rates

Staff Analysis & Public Outreach

Staff performs hydrologic analyses and reviews data to support statutory requirements for an ISF appropriation. Public notices are sent and staff conducts outreach

Board Decisions & Hearing Process

Board decision to form intent to appropriate, receive public comment, and take final action. If contested, CWCB follows the ISF Rule 5 hearing process.

Timeline shows typical recommendation process, but the exact dates can vary. Please see ISF Rules and CWCB website for more detailed information and important dates.
