Denver, CO 80203

To: Alan Martellaro, Division Engineer  
Division of Water Resources, Water Division 5

From: Robert Viehl, Stream and Lake Protection Section  
Colorado Water Conservation Board

Re: Request for Administration of the Instream Flow Water Rights on the Crystal River

Date: August 20, 2020

On behalf of the Colorado Water Conservation Board, I am requesting administration of the Board's instream flow water right on the following segment of the Crystal River, in Water District 38, to preserve the natural environment to a reasonable degree. Additional information about the specific ISF reach is shown below.

Case No.	Upper Terminus	Lower Terminus	Amount (cfs)	Appropriation Date	WDID
75W2720	confl Avalanche Creek	confl Roaring Fork River	60 (10/1 - 4/30) 100 (5/1 - 9/30)	5/1/1975	3802114

The CRYSTAL RIVER AT DOW FISH HATCHERY AB CARBONDALE gage is located in the ISF reach and demonstrates that flow conditions are below the decreed ISF water right. The Board is requesting administration to ensure that water up to the full decreed amount of this water right is made available based on the priority system. The effective date of this call is August 20, 2020 and the call is to be in effect until the end of the current irrigation year.

Signed:

Robert Viehl  
Water Resource Specialist  
Stream and Lake Protection Section  
(303) 866-3441 x3237

CC: Jake DeWolfe, District 37,38,39,45,52 & 53 Lead Water Commissioner
