Division 4 Draft Proposed Measurement Rules Available

The Colorado Division of Water Resources has published a draft of the new proposed measurement rules for Division 4. The purpose of the proposed rules is to provide consistent standards for the measuring of diversions throughout Division 4 which encompasses the Gunnison River basin, San Miguel River basin, lower reaches of the Dolores River basin, and the Little Dolores River basin. A copy of the draft rules and information regarding stakeholder meetings are available on the [DWR-Division 4 webpage](#), under Water Administration Rulemaking. Please submit comments on the proposed rules to Marie Sullivan at marie.sullivan@state.co.us or through the [AskDWR](#) portal.
